

# FAIRHAM MOULDINGS

## ENVIRONMENTAL POLICY

Fairham Mouldings Ltd recognises that it has a responsibility to the environment beyond legal and regulatory requirements. We are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating methods, with regular review points. We will encourage customers and suppliers to do the same.

We endeavour to achieve our aims and commitment to the environment by:

- Complying with and exceeding all relevant regulatory requirements.
- Continually improving and monitoring our environmental performance.
- Controlling and, where practicable, reducing our emissions to air, land and water, with a commitment to preventing pollution incidents.
- We will seek to reduce the amount of energy used as much as possible, with a view to reducing consumption through improved efficiency
- We will only use licensed and appropriate organisations to disposal of waste, and shall endeavour to re-use and recycle where appropriate.
- We shall incorporate environmental factors into future business decisions.
- We will involve staff in the implementation of this policy, for greater commitment and improved performance. – Providing them with the relevant environmental training.
- We will use local labour and materials where available to reduce CO2 and help the community.
- We will consider the environmental issues of any new development or expansion of the company.

This policy statement is made available to all interested parties, including regulatory bodies and the public upon request.

This environmental policy shall be reviewed annually to ensure its continuing suitability.
